Parameters

Product Name	EST-JWP200 Laser Welding Machine
Power	200 W
Laser wavelength	1060 nm
Condenser reflector	Ceramic condenser
Protect gas	Argon gas
Aiming and positioning mode	Microscope and display
Spot adjustment range	0.2 - 3.0 mm
Pulse width	1- 10 ms
Pulse frequency	1 -2 5 Hzz
Power system	220 V
Cooling mode	Water chiller
Rate power	5 Kw
